Midland Sends Fire Fighters Out in Autos to Help Fight Flames.

Midland, Texas, June 27 .- Prarie fires have done much damage to the range in neveral portions of the Midland country. Nearly 26 sections were burned off in the O. B. Holt west paspeal for help given by Mrs. H. A. doore by telephone, resulted in five

automobile loads of citizens going to the scene. Already neighboring ranch-men were fighting the flames. A fire in the Elkins pastures also caused alarm but was put out before it had gained great headway. Because of the extreme dryness of the prairies, it is feared heavy damage would be done if fires should get beyond control and a close watch is being kept by ranchinen and cattlemen.

DALE SUBMITS ARGUMENT IN SCHOOL MANDAMUS CASE

Arguments in the plea of shatement filed by L. A. Dale, attorney for the defence in the case of the Ft Paso Independent School district against Miss Myra Winkler, superintendent of county schools, and the county board of ed. ucation, a mandamus proceedings, was heard before judge P. R. Price in the 41st district court Monday afternoon.

Mr. Dale based his plea of abatement of the proceedings on the ground the writ of mandamus could not be issued until an appeal had been made to the state superintendent of education. The EI Paso school board asks for a writ of mandamus to compet the payment of \$619 alleged to have been withheld by the county school authorities from the amount due on the county school fund apportionment. The defence is that the \$737 represents overpayments in previous years.

25% Speed Gain with the new Remington "Self Starter"

N ordinary correspondence the average typist is fast if she averages 60 words a minute. The new No. 10 Remington with improved Column Selector will suddenly add 25% to her speed. Comparative tests have proved it.

The improved Column Selector is

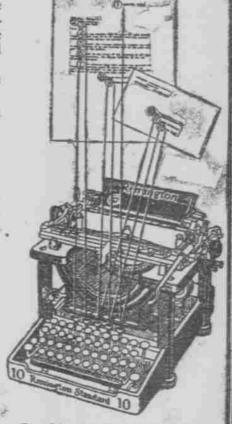

"SELF STARTER"

Instead of former repeated tap-taptaps to reach starting points on letters and envelopes, your operator merely touches the Remington "self starting" keys. Automatically the carriage slides to exact position to start typing dates, streets, cities, paragraphs, "yours truly," envelope name and address.

Your operator doesn't have to "watch the scale" -doesn't have to look on and off her notes. This saves further time.

The new "self starter" is exclusively a Remington time-saver. It makes slow fingers fast; fast fingers faster. It puts businesslike uniformity in all your letters. It is part of the regular equipment of all new Remington No. 10 Machines.

If a typewriter speed gain of 25% interests you, come to our office and ask for a demonstration.
